

**PRELIMINARY STATE FISCAL STABILIZATION FUND ENTITLEMENTS
AMERICAN RECOVERY AND REINVESTMENT ACT (PL 111-5)
FISCAL YEAR 2008-09**

School districts, county offices of education, and direct funded charter schools that apply will receive federal State Fiscal Stabilization Fund (SFSF) funding to offset reductions to state general purpose (e.g. revenue limits) and categorical program funding reduced pursuant to Section 34 of Senate Bill 4 (Chapter 12, Statutes 2009-10, Third Extraordinary Session). The SFSF estimated entitlement listed below represents only a portion of an LEA's total SFSF entitlement. The calculations are based on the general purpose reductions using 2008-09 Recertified First Principal Apportionment data. Funding for the general purpose portion will be recalculated after the 2008-09 Second Principal Apportionment. Entitlements for school districts and county offices of education are calculated by determining the difference between state aid for revenue limits at the 2008-09 Recertified First Principal Apportionment and what it would have been if a factor of 96.521139% were applied to the revenue limit subject to the deficit amount. Charter school entitlements are calculated by multiplying the total general purpose entitlement by 4.73668%. Entitlements for locally funded charter schools are listed separately below but will be included in the SFSF apportionment of the charter authorizer.
