BOARD AGENDA ITEM

F-2

Meeting Date: August 24, 2010

Item Title: Resolution No. 10-0091 Regarding Alameda Unified School District School-Aged and Toddler Programs

Item Type: Action

BACKGROUND: At the Board of Education meeting on August 10, 2010, an update on the status of state funding for AUSD school-age and toddlers was provided to communicate ongoing concerns of how these programs are unfunded and unbudgeted this year. Upon request of the Board, this item now provides the Board of Education with Resolution No. 10-0091 whereby the Board must decide whether or not to continue to fund school-age and toddler programs for an additional 45 days.

This presentation will provide a timeline of previous Board and staff actions as well as an analysis of costs required for these unfunded programs to be budgeted from the general fund should the Board decide to continue funding school-age and toddler programs.

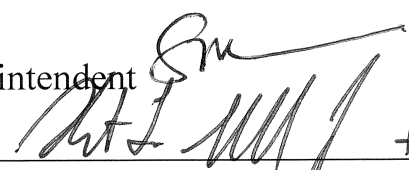

FISCAL IMPLICATIONS: Approximately \$100,000 of currently unbudgeted funds will be required to be taken from AUSD general fund and AUSD programs for each 45 days the Board of Education decides to fund these unfunded programs.

RECOMMENDATION: Approve or disapprove the resolution as presented.

AUSD Guiding Principles: 6. Allocation of funds will support our vision, mission, and guiding principles

Resolution No. 10-0091 Regarding Alameda Unified School District School-Aged & Toddler Programs

August 24, 2010

Our Core Values Guide Decisions

- The Board approved AUSD's Vision in June 2009:
 - “We believe that our diverse community of students, given a rigorous academic program in an inclusive, safe and secure environment, will be prepared to be responsible citizens.”
- The Board approved AUSD's Mission then as well:
 - “AUSD will effectively use our limited resources to ensure that every student succeeds.”
- The Board approved this Guiding Principle then also:
 - “Allocation of funds must support our vision, mission and guiding principles.”
- Heeding AUSD core values can help guide the difficult decision the Board makes now with Resolution 10-0091.

The Problem: Unfunded Programs

- As reviewed at the last Board meeting, school-age and toddler programs are currently unfunded in the state budget.
- 24 toddlers (18-36 months) are served at Woodstock Educational Center.
- School-age programs serve K-5 students before and after school at Ruby Bridges Elementary School (90 maximum) and Haight Elementary School (30 maximum).

Eligibility Data: Toddler and School Age

- Of 24 toddlers served, 18 families pay no fee. 6 pay subsidized fees. None pay full cost fees.
- In school-age program, eligibility varies. 30 families pay no fee. 70 pay subsidized fees (averaging \$4 a day), and 25 families pay full cost at \$40 a day.

Community Engagement

- WCDC staff referred families to Bananas, an Alameda County referral agency in Oakland.
- Some 2000 families are on a Central Eligibility Waiting List: this is a county-wide problem.
- Staff have also referred families to Head Start (Alameda Family Services) and RAP (Alameda Recreation and Parks Department).
- AFS Head Start has identified openings for qualifying toddlers and has encouraged families to get on their waiting list.
- WCDC staff has also referred families to additional community programs such as ARPD, Girl's Inc, AIK, Leaps, Playworks and Home Sweet Home.
- WCDC has also referred families to CALWorks. Eligible families can receive vouchers for childcare programs that accept them.

Two Separate Sources of Funding

- AUSD pre-school programs are separately funded from school-age/toddler programs.
- The Board approved initial allocation from general fund in June 2010 for continuing unfunded school-age/toddler programs.
- Employee layoffs were Board-approved on June 22nd also.
- WCDC sent three letters to families in June and July to inform them of potential closure of the program because of lost state funding.

Woodstock Child Development Center (From Board presentation on 6-22-10)

What we Know

- Per May Revise 50% of the funding for our early childhood programs could be eliminated (-\$800,000)
- There is a lot of debate at the state level
- We have agreed to keep the program running until August 27th without change
- We have reserves, but there are questions as to the exact availability (Approximately \$160,000)
- The County is requiring a “hard contingency” in any adopted budget (\$120,000)
- If the State budget is passed as is, we will have to refund portions of the current signed and funded contracts

Board Resolution No. 10-0091

- The Board must now decide if it will either 1) keep funding for an additional 45 days or 2) close a currently unfunded program.
- If the Board chooses to continue funding, then it will need to rescind and reinstate layoffs while allocating unbudgeted funds from AUSD's general fund as a contingency until additional program funds can be identified to cover unfunded obligation.
- Another 45 days of unfunded operation will cost the general fund approx. \$100,000.

Dear WCDC Families:

As most of you know, on May 19th, Governor Schwarzenegger came out with his proposal to eliminate General Child Development services as of July 1st, 2010. In response to public outcry, our Legislators blocked these proposals – but it is not over yet. Unfortunately, state politics continue to impact the welfare of families and young children in our community.

In an effort to keep our community informed about these changes, I want to share the following information which is based on the most current reports that we are receiving from Sacramento as well as Alameda Unified School District's (AUSD) efforts to manage this devastating budget proposal from the Governor.

- AUSD does not plan or intend to close WCDC, a program which has been fiscally sound for nearly 7 years. The Board of Education and the Superintendent firmly believe in the WCDC program and are committed to doing everything possible to save this critical program for our students and families.
- WCDC is funded by two (2) contracts.
 - a. One contract is for the State Pre-school program which serves 3 and 4 year old children in preparation for kindergarten. It is still unclear if this funding is for a 3 hour, part-day program; or a full-day program. However, this contract was issued and **is funded**. It was **not** included in the cuts.
 - b. The other contract is for General Child Care and serves children from 18-36 months, as well as our school-age children. The contract for this program was also issued, but **will not be funded until** the Governor signs the budget **and includes** General Child Care in the budget.
- AUSD, through Superintendent, Kirsten Vital, signed both contracts as soon as they were sent to the District. Unfortunately, Superintendent Vital's signature on the contract *does not obligate the State to fund the program*.
- On May 19th 2010, we learned that the Governor proposed the elimination of the second contract (mentioned above) that funds WCDC.
- AUSD has taken conservative, but realistic measures to keep WCDC running as usual through August. WCDC has "reserve" dollars that will contribute to paying for the program.
- All WCDC employees will receive "pink slips" as a **precaution**. AUSD will not be able to rescind pink slips until we receive more information from the state. If the state budget is not finalized by August and the Governor's proposal continues to include the elimination of general child development services, AUSD will continue to take a fiscally conservative approach while maintaining the program

for as long as possible. For this reason, it may be necessary to reissue “pink slips” if a state budget is not finalized.

THINGS YOU CAN DO: It is more important now than ever that we all work together to support the intent and work of the WCDC program as the District explores every option available to us in the coming months. You can make your voice heard through the ballot box and by contacting the Governor and Legislators by calling or e-mailing them at the numbers below. To learn other ways to influence how State funds are spent are to contact the Campaign to Save Child Care and/or Parentvoices.org. at Bananas, (510) 658-7353.

July 25, 2010

Dear WCDC Families:

It has been a wonderful summer at both the Ruby Bridges school-age program and the Singleton Avenue Toddler and Preschool Program. I continue to be proud of the work done by Woodstock Child Development Center staff and the meaningful learning that takes place every day in WCDC classrooms. I am grateful the undercurrent of uncertainty around the funding has not affected the commitment and care for early childhood education that each staff member brings.

However, as the end of July rapidly approaches, we find that we still do not have more information from our State Legislators or Governor regarding the State budget. We do know, however that the Legislators rejected the Governor's proposal to cut funding for child development programs, and we remain optimistic that we will be fully funded once the budget is signed.

The Alameda Unified School District and I have been exploring all available options for keeping our program fully operating until the budget is signed. Unfortunately, without revenues from the parcel tax and the lack of guaranteed funding from the State, the painful reality is that the District has run out of options.

It is with a heavy heart that I write to advise you that *unless the budget is signed and includes funding for the General Child Care program, AUSD will not be able to provide services for children in the Toddler or School-Age programs.*

The last day for the School-age program at Ruby Bridges and Haight Elementary schools, as well as the Toddler program (rooms I and J) will be August 27th, 2010. This includes children who do not turn 3 prior to July 1st, and who turn 5 prior to December 2nd.

We *will* continue to serve children in the Pre-school program who turn three after July 1st and before December 2nd, or who are already enrolled in the preschool classrooms.

As a parent I recognize the devastating effect this will have on those of you who will be losing your child care. I am deeply committed to continuing to do everything I can to keep the center open, and to ensuring high quality child care and early education for your children.

AUSD is committed to closing the achievement gap, and we know that the contributions of Woodstock Child Development Center are critical to the success and lives of Toddlers, Pre-school and School-Age children and their families. We continue to seek ways to provide options to our families and we are deeply saddened that we are forced to reduce our programs at this time.

I am available after August 11th, to meet with all of you and answer your questions. Until then please feel free to call AUSD's Assistant Superintendent, Sean McPhetridge at AUSD District Office. He and his colleagues are working hard to resolve these challenging issues with me.

Sincerely,

Carol Barton
Director

Update on the Campaign to Save Child Care

June 1, 2010

Last week we learned that the Governor's Budget may Revision 2010-11 proposed an unprecedented 2.3 billion combined elimination of CalWORKS and General Fund support for California's neediest children and families.

YOU called our Senators and told them how these cuts to programs like WCDC, would affect you and your family. These calls have made a huge difference and you are to be congratulated for taking the time to let legislators hear from you!!

We are not out of the woods yet, but as a result of your calls, letters, e-mails, and demonstrations, Sacramento is listening. We must keep the pressure on!

What more can YOU do?

- 1) **PARENT VOICES** is organizing a rally on Thursday, June 3rd, 2010, in San Francisco at the Powell Bart Plaza at 11:30am. News reporters and the press need to keep our concerns alive. Your presence will make a difference.

Parentvoices.org for more information -

or call BANANAS, (510) 658-7353

- 2) Keep calling and writing your representatives in Sacramento. Use the phone in the WCDC lobby.

What are we doing?

- 1) We are staying focused on your children while they are in our care.
- 2) We are staying in touch with the Child Development Division of the Department of Education so that we are kept as informed as possible.
- 3) We are looking at every possible option with Alameda Unified School District.
- 4) We are attending the hearings in Sacramento and meetings with other Program Administrators so that our voices are **LOUD** and cohesive.
- 5) We are writing letters and signing onto letters from larger community organizations.

WHEREAS, the School Age and Toddler Programs support families in maintaining productive lives in support of our community, and parental involvement and community engagement are integral to student success, and
