Technology Services

- The Alameda Educational Technology Plan is a roadmap of their journey.

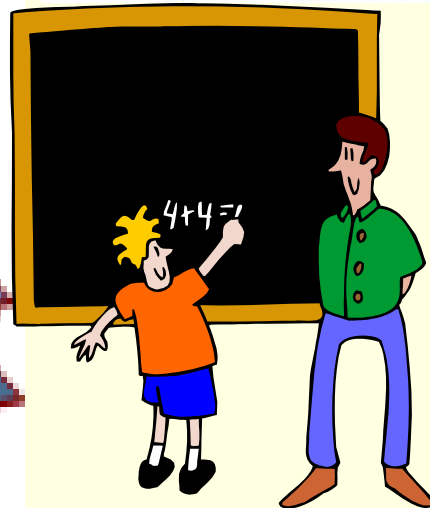

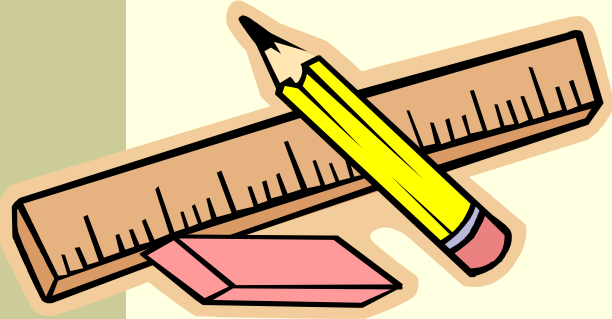

- Like any map it is subject to change
 - Constant monitoring
 - Yearly evaluations and reports to the Board

Technology Services

- Provide state-of-the-art computers and technologies
- Develop student outcomes in all curricular areas.
- Promote and support staff development.
- Develop and adopt standards for staff development.
- Install and maintain a state-of-the-art infrastructure.
- Coordinate all technology activities into one plan.
- Fund and sustain the necessary infrastructure, equipment and staff development of the plan.

Technology Services

Technology Services

- This plan is a beginning, this plan acknowledges that the times they are a-changin, and we will change with them.
